Fair profile

On aquanale you will discover the range of products for sauna, pool, wellness, synthetic lighting and ambience facilities. The show is one of the international leading trade fair for this sector.

More added value for the pool, sauna, synthetic lighting and wellness market comes from FSB*. Due to the parallel running highest attraction of the trade visitors from this exhibition - Synergy effects! This synergy effect means: improvement for trade visitors of public and private pool branch - unified at only one location.
